STRONG-ARM

Key Safe

Model	Dimensions HxWxD	Capacity	Weight
CS200K	200x300x200 mm	0.009m ³	8.0kg

This compact safe is ideal for storing cash and important documents in the home or office, as well as in boats and caravans etc. It is constructed from solid steel with double locking bolts for secure closure.

The safe is supplied with three keys and four anchor bolts. For added security the safe should be bolted to the floor or wall etc, using the anchor bolts supplied. Before permanently securing the safe, check carefully that the keys supplied, are the correct ones for your safe. If not please contact the Clarke dealer where the safe was originally purchased.

IMPORTANT

Store the spare keys safely, make a note of the key serial number in case new keys need to be ordered.

Replacement lock and keys are available from your nearest Clarke dealer. When ordering, please quote the safe model, serial number and key serial number.

To open the safe, fully insert the key and turn clockwise, one quarter turn, pull door open.

To lock the safe, close the door, fully insert the key and turn anticlockwise one quarter turn, remove key and store safely.

Clarke®

Thank you for purchasing this CLARKE Key Safe, which is designed for use in the home and office, as well as in boats and caravans etc.

CLARKE GUARANTEE

This CLARKE product is guaranteed against faulty manufacture for a period of 12 months from the date of purchase. Please keep your receipt as proof of purchase.

This guarantee is invalid if the product is found to have been abused or tampered with in any way, or not used for the purpose for which it was intended.

Faulty goods should be returned to their place of purchase, no product can be returned to us without prior permission.

This guarantee does not effect your statutory rights.
